

Improving the affordable housing system

Now available, a shared waitlist solution for affordable housing.

Are you spending a lot of time managing your waiting list and keeping applicant contact information current?

Waitlist Central is the solution.

Waitlist Central supports you in managing the wait list up to the point you contact an applicant to complete a full application.

- Our shared waitlist is online, making it easy for you and your team to access it any time.
- All data is real-time, when an applicant updates a phone number the change is immediate.
- Applicants can update their information and see their status on the list through their account.

Waitlist Central accommodates preferences.

Waitlist Central allows for future waitlist opening dates.

Waitlist Central lets you close the waitlist on a date, or when you reach a set number of applicants.

Who will use it?

- Public housing waiting lists,
- Project Based Section 8 waiting lists,
- Housing Choice Voucher waiting lists,
- Tax Credit waiting lists,
- Any affordable rental housing waiting list.

Who is behind this?

HousingLink, your nonprofit partner that improves people's lives through information expanding their affordable rental choices. Increasing housing choice, access, and equity.
