

# AUGUST ADVOCACY

2025

*Join thousands of housers across America as we urge Congress to support federal housing and community development programs!*

August Advocacy is NAHRO's annual, six-week letter writing and advocacy engagement campaign. Every week, NAHRO will release a new customizable letter — each promoting a critical housing and community development legislative priority — that anyone can send from the Action Alert Center.

**Why August?** Congress takes an August recess every year to return to their districts and connect with the people they represent. This is a great time to set up meetings and site visits so your elected officials can see the positive local impact of housing and community development programs!

## 2025 August Advocacy Schedule

---

**July 28 - August 1**..... Oppose Cuts to Housing and Community Development Programs

**August 4 - 8**..... Protect Local Housing Solutions and Increase Housing Supply (CDBG & HOME)
